

**March 9, 2024**

## **Skagit Trail Builders Advisory Committee Meeting**

Notes taken by Jenny Sandbo, Advisory Committee Chair

29 volunteers in attendance

### **Bridge Project – JT & Art**

Plans for the north bridge have been stamped and approved. We will be pouring footings first. Work will begin as soon as the weather allows and may happen in tandem with the completion of Hill Creek Trail.

The bulk of bridge work will happen in special sessions scheduled through the summer months. Those work parties require specific skill sets and will not be open to the public (invitation only). We will be asking our Next Gen Leaders to participate.

### **Rotary Presentaion – JT & Adam**

Adam will be presenting at the Sedro-Woolley Rotary Club meeting on April 11. Jenny has added him to our Canva Teams account so he can build a slide show presentation. Jim or Ellie will be in attendance. Adam is making arrangements to have RJ or Sativia (Next Gen Leaders) help him present.

### **Wind Phone Proposal – Jenny**

Background: Avry Richter, VISTA Grief Support Development Coordinator at United General, proposed the installation of a [Wind Phone](#) at NSRA. Avry and Beth (a regular volunteer with STB and Avry's supervisor at UG) attended our Feb 24 work party where Jenny showed them some possible locations for the wind phone.

STB's level of involvement has been clarified. We will support the project by clearing an area and building a short path (a single day project). Avry and Beth will do the planning: select the location, get necessary approvals, build the unit, and set up a maintenance schedule. They will reach out to us when they have more information to share.

**Head count for dinner tonight: 15**
