Sativia & Shylee

**T-shirts**  
**Group Photo**

---

**Lunch** at noon at the Pump House Trail Head

(No advisory committee meeting this work party – nothing new to cover)

---

**Teams**

**Trail Switchback at Pump House Bridge (4 people)**  
Description: In preparation for decommissioning the temporary  
“machine trail” we are improving the switchback leading to the  
Pump House Bridge so that equipment can safely make the turn. We

will be removing briars, expanding the corner, and building a second rock wall to improve the sustainability of the existing wall.

1 Roving Lead = Jerry

2 Site Lead = Craig

3 Ben

4 Michael

5 Robert

### **Rock wall on elevated trail (6-8 people)**

Description: The elevated trail in the lower meadow has been through several seasons of use and is in need minor repair work. We will be resetting rocks that have fallen off the edge and cutting back briars where they are encroaching on the trail.

1 Roving Lead = Jerry

2 Site Lead = Lexi

3 JT on weed eater

4 Jason

5 Anna

6 Sativia

7 Shylee

8 Alex

### **Drivers (3 people)**

Description: Carry rock and gravel from the Pump House Trail Head to our 2 work sites.

1 Lead = Kip

2 Paul

### **Loading Power Carriers (Paul)**

Description: Load gravel and rock into power carriers using the loading bucket.

### **Restoration Crew (Everybody else)**

Description: Starting at the bridge site, clear briars, trim back organic material, including the “V” in the switchback and north along Pump House Trail. In Pump House meadow, cut grass back from trail edge.

Lead = Lynn

Everybody else (John, Anna, Deb, Irene, Ellie)

---
